

Regional Transportation Fees

Effective January 1, 2008

Moving to northern Virginia? Effective January 1, 2008, individuals who register vehicles in a locality within the Northern Virginia Transportation Authority (NVTA) are assessed additional fees for regional transportation improvements. The NVTA localities include the counties of Arlington, Fairfax, Loudoun and Prince William and the towns in those counties; and the cities of Alexandria, Fairfax, Falls Church, Manassas and Manassas Park.

Regional \$10 fee

A \$10 annual regional registration fee for motor vehicles applies to all vehicles registered in the NVTA jurisdictions. The annual regional registration fee is paid by the vehicle owner and collected when the vehicle is registered with the Virginia Department of Motor Vehicles (DMV). This fee is non-refundable and cannot be prorated.

Note: If you move from one locality to another within the NVTA jurisdictions, you will not pay this fee again within the same calendar year.

One percent fee

A one percent initial registration fee, paid by the vehicle owner, is collected from both new and existing Virginia residents the first time a vehicle is registered within a NVTA jurisdiction. This one-time fee is based on the vehicle purchase price from an auto dealer or an individual. It is paid at the time of initial titling and registration.

One percent fee (continued)

The fee is based on the jurisdiction where the vehicle is registered, regardless of where the vehicle is purchased. It applies even if the vehicle owner is moving from another part of the state, including the Hampton Roads area, where a similar registration fee may have already been collected.

The one percent fee is collected by either automobile dealers or by DMV.

- ▶ Dealer Sale - The auto dealer collects the fee as part of the vehicle sale and remits the fee to DMV.
- ▶ Individual (Casual) Sale - When buying a vehicle from an individual, the one percent initial registration fee is collected by DMV when the new owner registers the vehicle.
